Portfolio: cassiepeia.github.io/personal-portfolio

PROFESSIONAL SUMMARY:

Multidisciplinary UI/UX Designer and Full-Stack Developer with a strong foundation in user-centered design and end-to-end system development. Experienced in building responsive applications using Flutter (Dart) with custom backend logic in PHP and API integration. Skilled in translating user needs into wireframes, prototypes, and fully functional systems. Combines design thinking with technical execution to deliver seamless digital experiences. Adept at stakeholder collaboration, workflow optimization, and problem-solving in fast-paced environments.

CORE COMPETENCIES

UI/UX DESIGN

- Wireframing and Prototyping
- User Research and Testing
- Interaction Design
- Figma, Canva, Illustrator
- Visual Design
- Responsive Design
- Design Thinking

FULL-STACK DEVELOPMENT

- Flutter (Dart)
- PHP (Backend Development)
- RESTful API Integration
- MVC Architecture
- Database Management (SQL)
- Troubleshooting and Debugging
- Github

PROJECTS

CAREER COACHING MODULE (CAREERPATHLINK SYSTEM)

UI/UX Designer and Full-Stack Developer

- Designed and developed a centralized system for students, trainers, and career center directors using Flutter (Dart) for frontend and PHP for backend.
- Integrated RESTful APIs to enable real-time scheduling, updates, and engagement tracking.
- Built custom MVC architecture with models in Dart for efficient data handling.
- Conducted stakeholder interviews to align features with user needs and iterated based on feedback.

ZUS CUSTOM - OPERATIONAL FLOW

UI/UX Designer

- Analyzed in-store operational challenges and designed intuitive user flows to improve efficiency.
- Built a functional prototype in Figma and tested with real users to validate solutions.

PERSONAL PORTFOLIO WEBSITE

Designer and Developer

- Designed and developed a responsive portfolio site using HTML, CSS, and JavaScript to showcase UI/UX projects and development work.
- Focused on clean layout, smooth navigation, and visual consistency.

EXPERIENCE:

Laboratory Custodian | August 2025 - Present (University of Nueva Caceres)

- Manage computer lab operations, ensuring a clean and organized environment for students and faculty.
- Supervise student assistants, delegate tasks, and conduct monthly meetings to address operational needs.
- Monitor equipment functionality and prepare monthly reports on system status.

SmartBridge | March 2025 – May 2025 | Remote Internship (India)

- Completed structured training in Salesforce under Indian instructor guidance.
- Customized Lightning components and Apex classes to improve business workflows.

Affiliate Marketer | August 2024 - January 2025 | Part-Time Self-Employed

- Created short-form video content to promote products and drive sales.
- Earned over ₱9,000 in commissions through engaging content strategy.

EDUCATION:
